

CO₂OP

Climate Neutrality for your Company –
Easy, Economic, Sustainable

Certificate

CO₂OP hereby confirms that

KMF GmbH, Kunststoff-Metall-Formteile

has assessed its 2021 net carbon footprint along the standards of GHG Protocol and compensated the remaining, non-reducible emissions by the purchase of CO₂e- certificates.

The company hereby has reduced its gross emissions of CO₂e through electricity fed of its own photovoltaic power plant.

The company is therefore carbon neutral for the year 2021

The following certified CO₂e reduction project was supported:
South Korea - Gwanju metropolitan city sanitary Landfill LFG power plant
CDM CER 04294

Aalen, Germany, on March 28, 2022
